Introduction

This booklet has been put together by the Youth Analysis Service (YAS) for schools and academies (referred to as establishments in this booklet) across Hampshire. It provides key figures for young people who completed Year 11 on 31st August 2015.

The topics covered in this report are based on the performance measures used by the Department for Education (DfE). Figures are given at establishment and Local Authority (LA)

This booklet acts as a resource for establishments to monitor their current performance, to plan future strategies and to spot potential issues before they arise.

This booklet is based on a cohort of young people who were recorded as being academically aged Year 11 and in an establishment in Hampshire as of 31st May 2015. The data relating to the cohort is a snapshot of their status as of 1st November 2015.

The following data and information in this booklet has been compiled from the Client Caseload Information System (CCIS) database used by the Youth Support Service (YSS) in Hampshire and Isle of Wight. The content is generated by a program designed to identify the destinations, as of 1st November 2015, of young people who completed Year 11 in the academic year 2014/15.

Due to Raising the Participation Age (RPA) legislation, as of September 2014, young people are now under a duty to participate in education or training until the end of the academic year in which they turn 18 (academic Year 13).

This is an important piece of education legislation with particular relevance to vulnerable young people. As a high performing education sector, nine out of ten young people in Hampshire already progress successfully to post 16 education and training. Due to this legislation, it is now even more important that our services support all young people with participating in post secondary education. Primary responsibility for providing independent and impartial careers guidance on participation options now rests with establishments directly.

Table 2a shows the number of Year 11 leavers who were in each destination category for the last 5 years at LA level. Table 2b shows the same data as percentages.

The figures have been grouped into 9 categories so the data can be displayed more clearly. The Destination Category table in the glossary on page 2 defines each category. See appendix for how these relate to the categories used in previous Activity Survey booklets.

Hampshire Education Courses

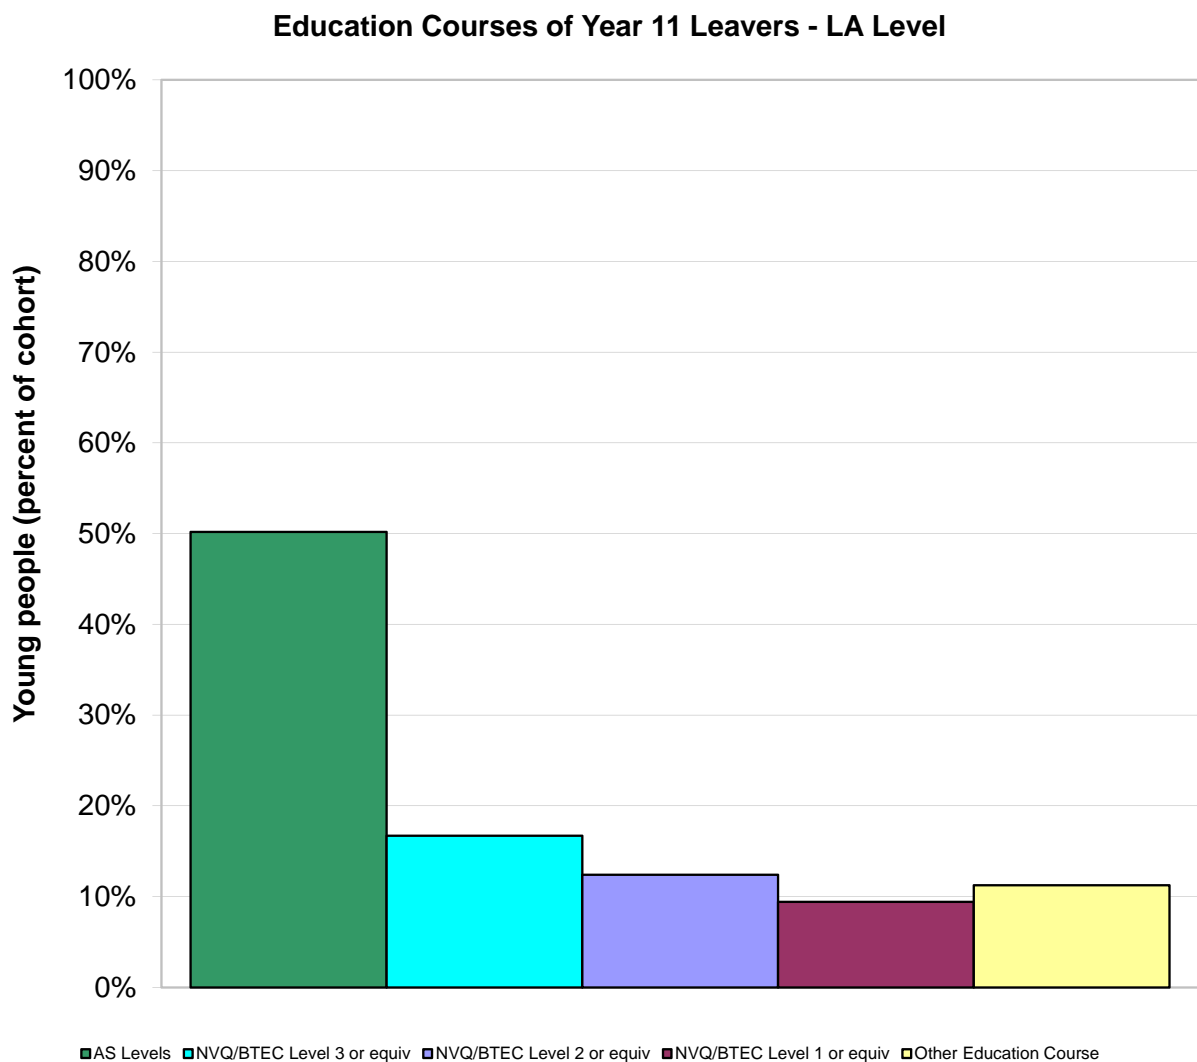

Table 4 shows the course types (as both a number and a percentage) of Year 11 leavers who went on to full time education across Hampshire.

Table 4.

Course Type	Total	
AS Levels	6,355	50%
NVQ/BTEC Level 3 or equiv	2,116	17%
NVQ/BTEC Level 2 or equiv	1,573	12%
NVQ/BTEC Level 1 or equiv	1,195	9%
Other Education Course	1,423	11%
Education Total	12,662	100%

For clarity 'Vocational A Levels' have been included in 'AS Levels'. Other courses (including continuation years of any course) come under 'Other Education Course', which also includes course types that were not specified in the data sent by further education establishments.

Graph 4.

Establishment Education Courses

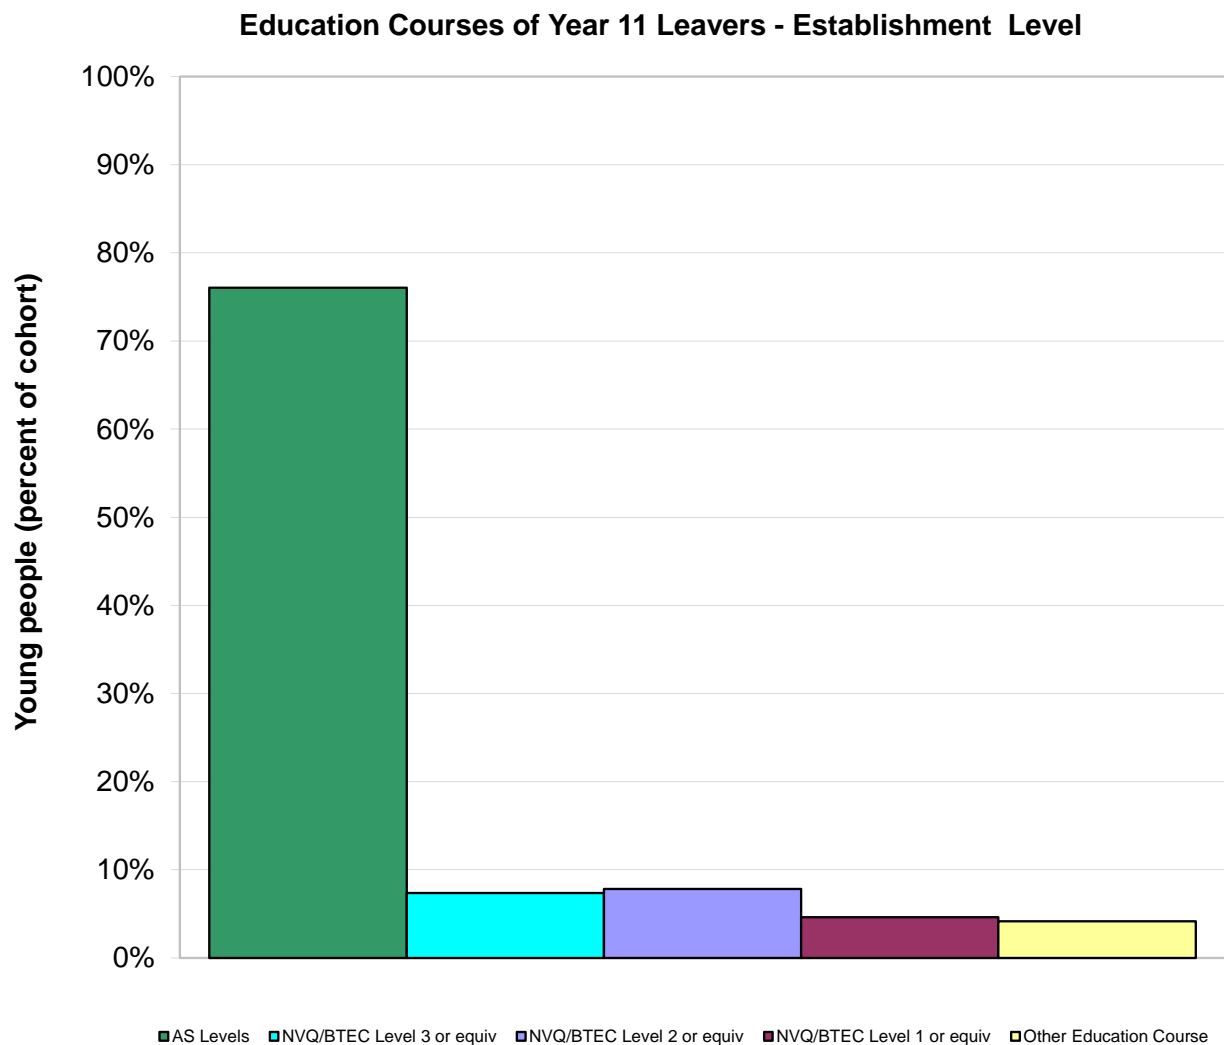

Table 5 shows the course types (as both a number and a percentage) of Year 11 leavers who went on to full time education from The Westgate School.

Table 5.

Course Type	Total

NVQ/BTEC Level 3 or equiv	16	7%
NVQ/BTEC Level 2 or equiv	17	8%
NVQ/BTEC Level 1 or equiv	10	5%
Other Education Course	9	4%
Education Total	217	100%

Comparing graph 5 with graph 4 shows that the percentage of Year 11 leavers going into education from The Westgate School who are now enrolled on 'NVQ/BTEC Level 3 or equiv' is lower than the Hampshire percentage but 'AS Levels' is higher than the Hampshire percentage.

Graph 5.

Hampshire Leaver Destinations by Gender

Table 6 shows the destinations of Year 11 leavers, at LA level, by gender.

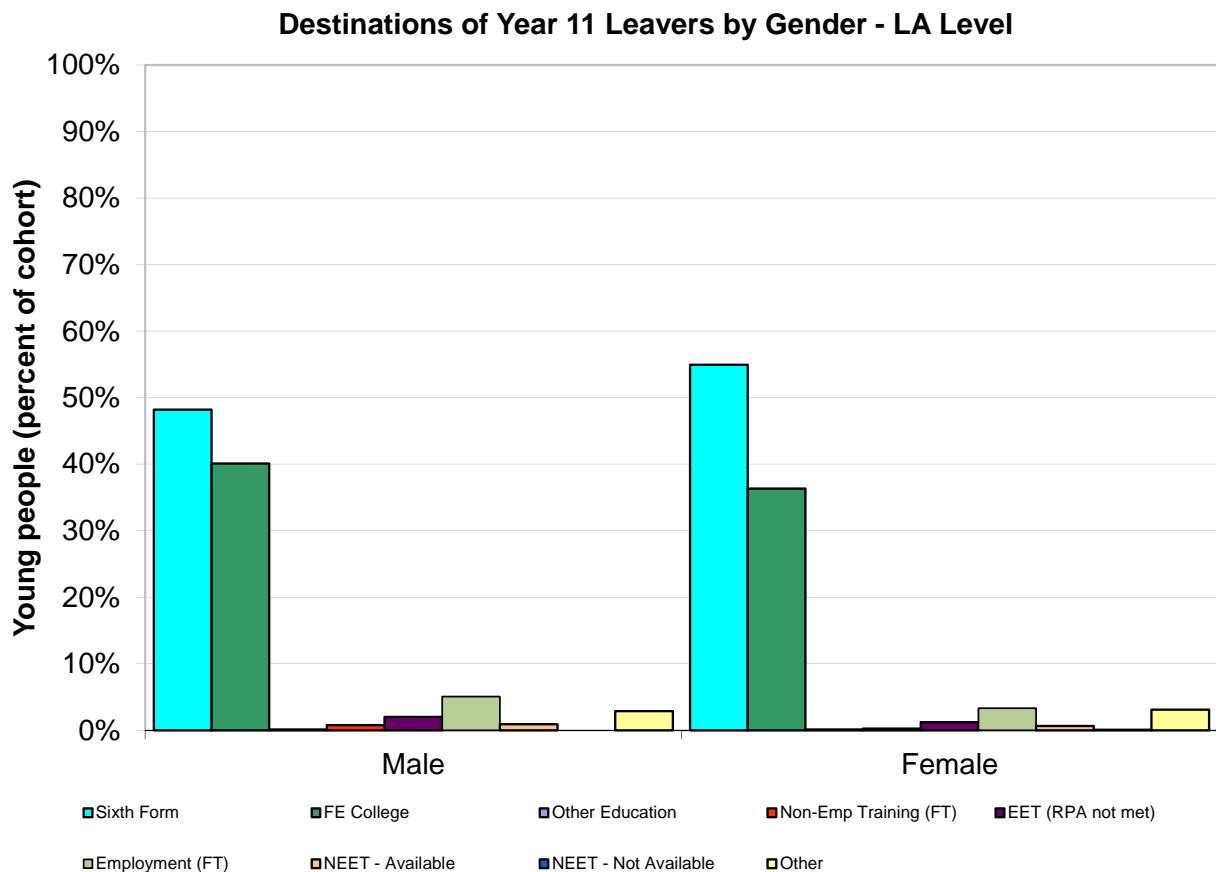

Table 6.

Destination	Male		Female	
Sixth Form	3,448	48%	3,614	55%
FE College	2,868	40%	2,391	36%

Not Participating Total	209	3%	127	2%
Other	205	3%	203	3%
Total	7,155	100%	6,578	100%

Graph 6 shows that the general trend across Hampshire is for the majority of both genders go on to further education, with Sixth Form being the more common destination. This is to be expected as a result of the balance of sixth forms and FE colleges in Hampshire.

The percentage of Year 11 leavers not meeting RPA requirements is low for both genders (6% for males and 5% for females).

Graph 6.

Establishment Leaver Destinations by Gender

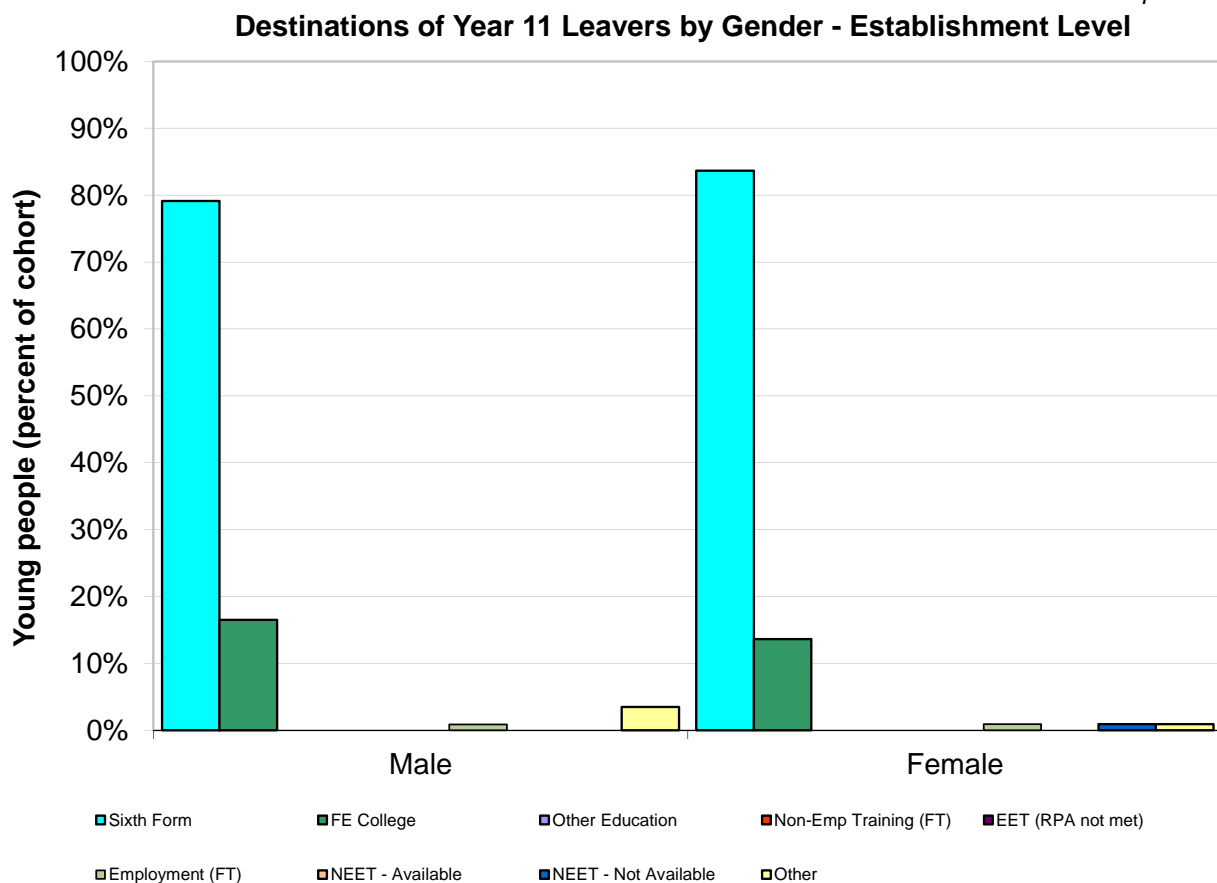

Table 7 shows the destinations of Year 11 leavers, for The Westgate School, by gender.

Table 7.

Graph 7 shows, amongst Year 11 leavers from The Westgate School, females are more likely to go on to 'Sixth Form' than males are, whereas a higher percentage of males than females move into 'FE College'.

Graph 7.

Hampshire Leaver Destinations by LDD Status

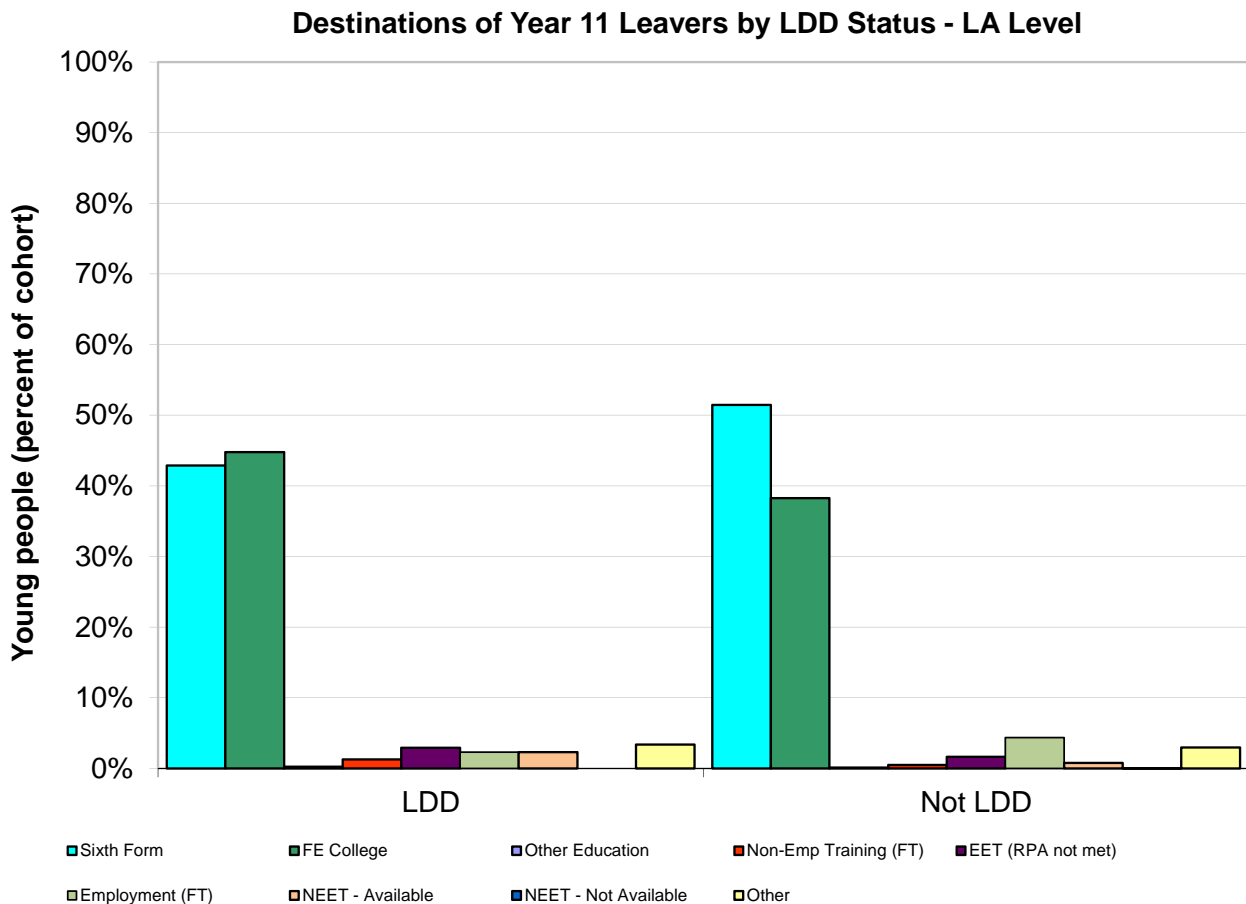

Table 8 shows the leaver destinations of the Year 11 LDD/Not LDD cohorts at LA level. LAs and establishments have a responsibility to track and support young people with LDD until the age of 25. For this reason it is particularly important to support these young people in getting into a destination that meets RPA requirements.

Table 8.

Destination	LDD		Not LDD	
Sixth Form	205	43%	7,013	51%
FE College	214	45%	5,215	38%
Other Education	1	0%	15	0%

Not Participating Total	25	5%	327	2%
Other	16	3%	403	3%
Total	478	100%	13,630	100%

Graph 8 shows that the LDD population largely follows the pattern of the non LDD group with the majority going on to some form of further education. However, in the LDD group FE College is a more popular destination than 6th Form.

Graph 8.

LDD destination figures are provided as they are considered a useful guide for establishments for assessing the outcomes of their support for LDD pupils. Where LDD cohorts are low, however, it will not be possible to draw conclusions from any statistical comparisons with the LA.

Graph 9.

Hampshire Leaver Destinations by Ethnicity

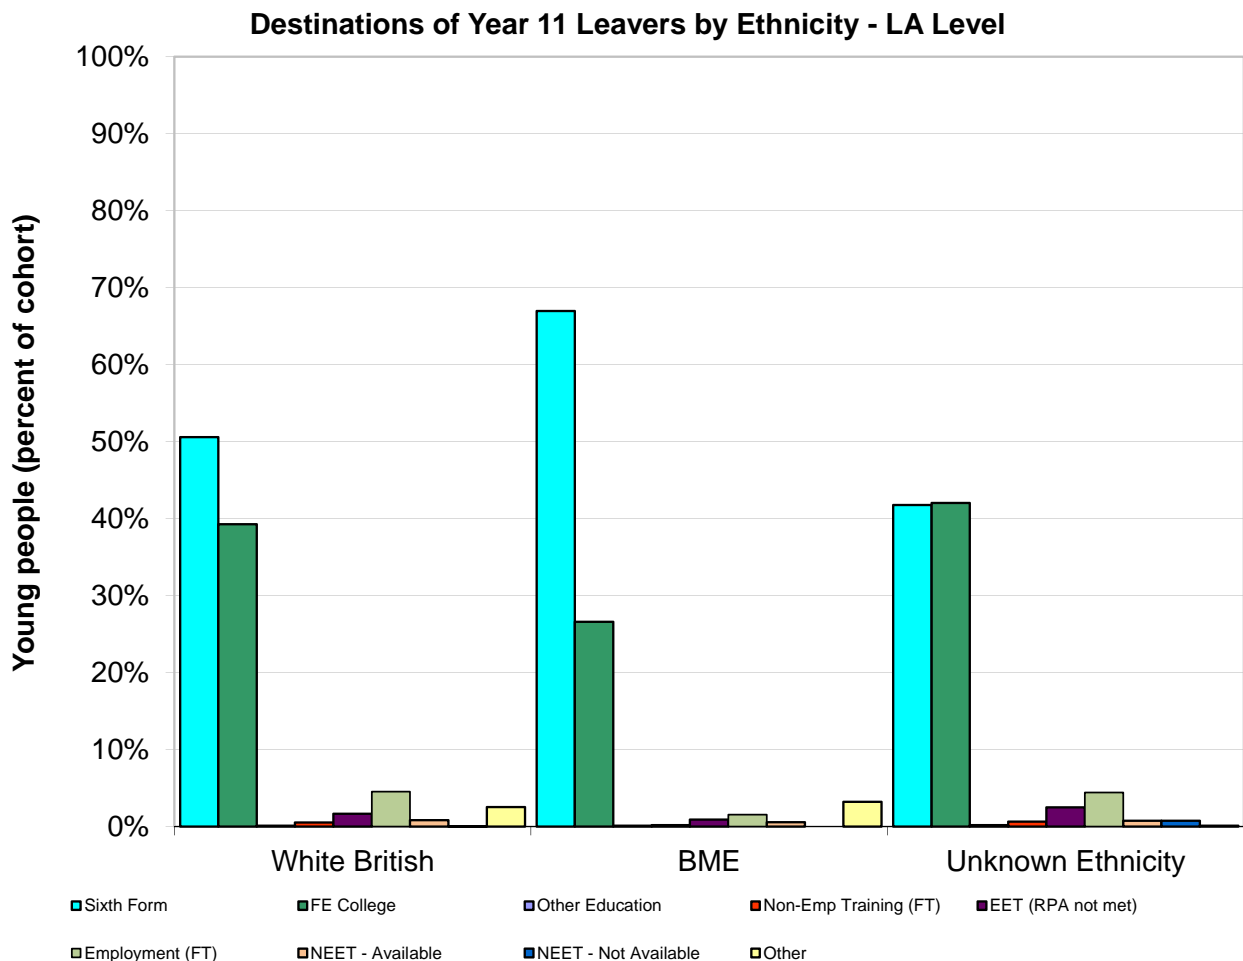

The official DfE figures split the ethnicity data into 19 ethnic groups. As the numbers are so small for any ethnicity other than White British in most Hampshire establishments, this year's booklet has split the figures into the categories of 'White British', 'Black and Minority Ethnic' (BME) and 'Unknown Ethnicity'.

Table 10 shows the destinations of Year 11 leavers, LA level, by their ethnicity.

Hampshire September Guarantees and RPA Met

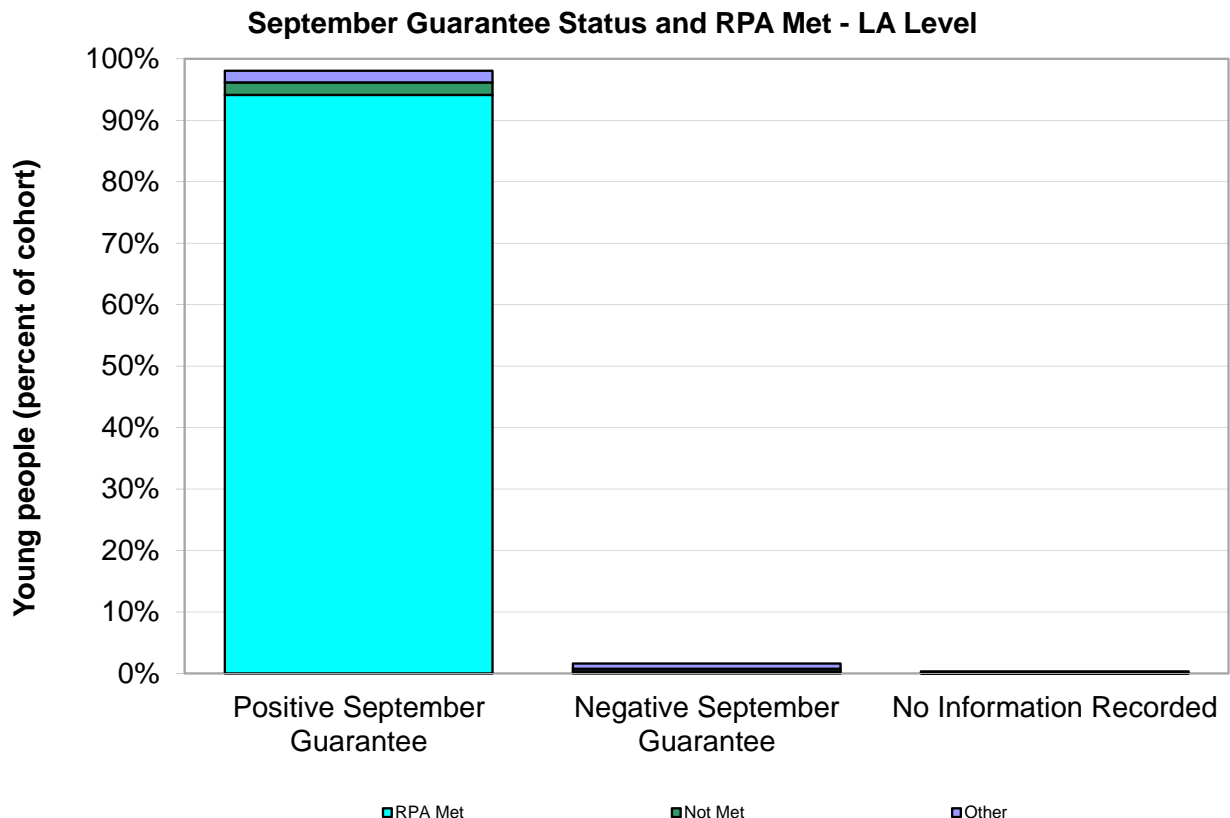

September Guarantees should give Year 11 leavers the opportunity to enter a destination that meets RPA. The height of the bars on graph 12 show the percentage of young people who received a September Guarantee. The colour of the bar shows the proportion of those young people who are now in a destination that meets RPA. The majority of people who had a positive guarantee went on to meet RPA, which shows the effectiveness of the September Guarantee process.

Table 12 compares the number of Year 11 leavers who had a September Guarantee with the number now in a destination that meets the RPA requirements at LA level (see appendix for the destination types that count as 'RPA Met').

Graph 14 compares the proportion of Hampshire leavers who go on to their intended destination with the proportion of The Westgate School leavers who did so. The 'Other' category figures have not been included in graph 14, as the relevant information is not available to put them in either category.

As graph 14 shows, the proportion of The Westgate School leavers going on to their intended destination is higher than the Hampshire average.

Further Education Establishments Attended

Certain factors, such as the courses offered by an FE establishment, can greatly affect the gender ratio of those who attend. Table 15 shows the establishments attended, as of 1st November 2015, by the Year 11 leavers from The Westgate School who continued in full-time education at establishment level. The figures include any young people academically aged Year 11 who are repeating a year of statutory education.

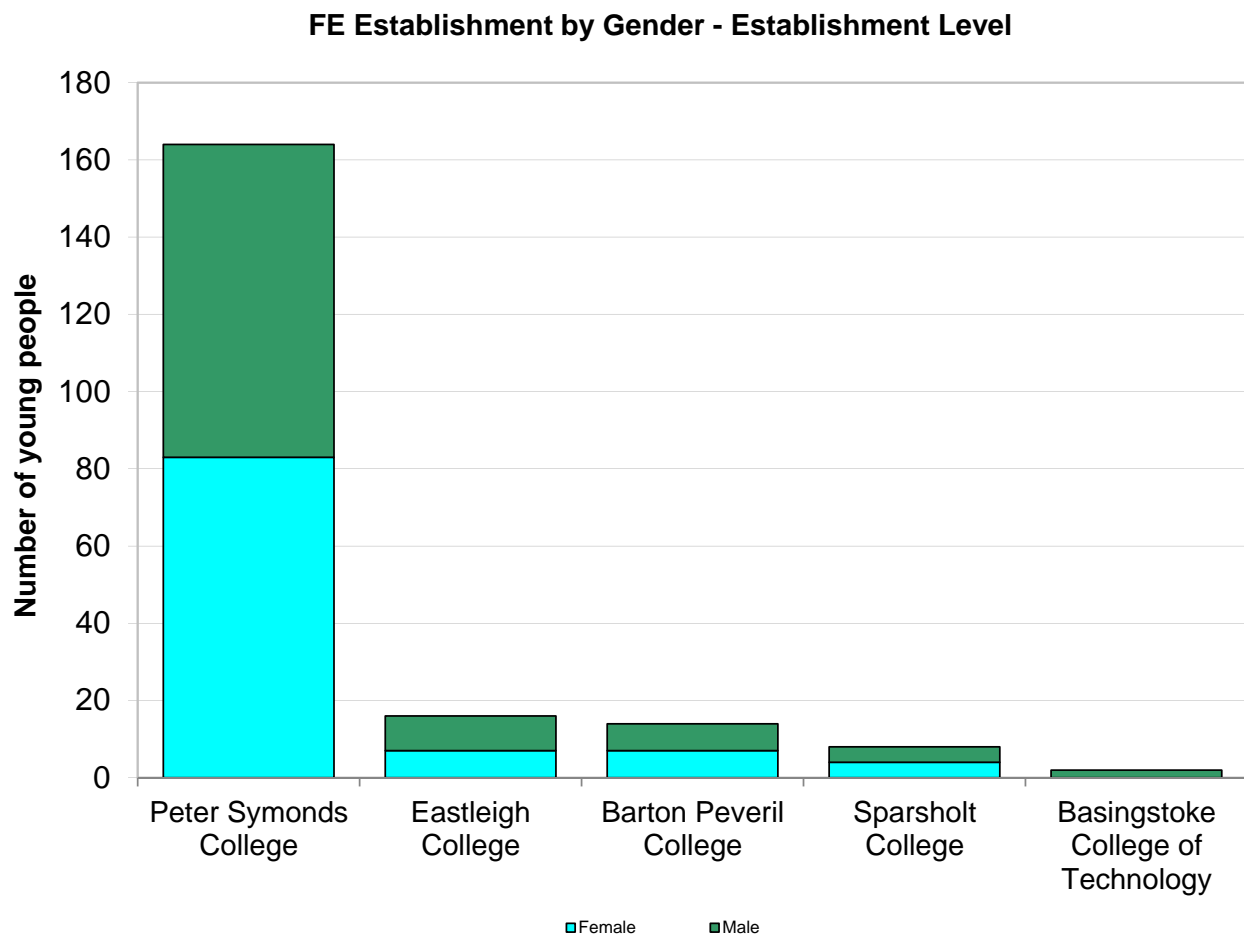

This data is only for the five most popular establishments. Year 11 leavers also attended Southampton City College, Alton College, Chichester College, Fareham College, Farnborough College of Technology, Hampshire Collegiate School, Peter Symonds College | Adult & Higher Education, Queen Mary's College and The Westgate School.
