### GOVERNOR INDUCTION POLICY

We believe it is essential that all our new governors receive a comprehensive induction package to help them settle quickly into the role. We are committed to ensuring that our new governors are given the necessary information and support to fulfil their role with confidence. We see the process as an investment which will result in developing effective governors who will want to stay in the role.

This policy establishes how support will be provided to new members of the governing body.

#### Purpose

- To ensure new governors are able to govern effectively, as quickly as possible.

- To explain the role and responsibilities of governors.
- To give background material on the school and any current issues.
- To allow new governors to ask questions about their role and/or the school.
- To explain how the governing body and its committees work.
- To enable new governors to join the committee(s) that will make best use of the skills and experience they bring with them into the role.
