## Introduction

This booklet has been put together by the Youth Analysis Service (YAS) for schools and academies (referred to as establishments in this booklet) across Hampshire. It provides key figures for young people who completed Year 11 on 31st August 2016.

The topics covered in this report are based on the performance measures used by the Department for Education (DfE). Figures are given at establishment and Local Authority (LA) level.

This booklet acts as a resource for establishments to monitor their current performance, to plan future strategies and to spot potential issues before they arise.

This booklet is based on a cohort of young people who were recorded as being academically aged Year 11 and in an establishment in Hampshire as of 31st May 2016. The data relating to the cohort is a snapshot of their status as of 1st November 2016.

The following data and information in this booklet has been compiled from the Client Caseload Information System (CCIS) used by the Youth Support Service (YSS) in Hampshire and Isle of Wight. The content is generated by a program designed to identify the destinations, as of 1st November 2016, of young people who completed Year 11 in the academic year 2015/16.

Due to Raising the Participation Age (RPA) legislation, as of summer 2014, young people are under a duty to participate in education or training until at least their 18th birthday, although in practice most young people continue until the end of the academic year in which they turn 18 (academic Year 13).

This is an important piece of education legislation with particular relevance to vulnerable young people. As a high performing education sector, nine out of ten young people in Hampshire and Isle of Wight already progress successfully to post 16 education and training. Due to this legislation, it is now even more important that our services support all young people with participating in post secondary education. Primary responsibility for providing independent and impartial careers guidance on participation options now rests with establishments directly.

# Raising the Participation Age (RPA) Summary

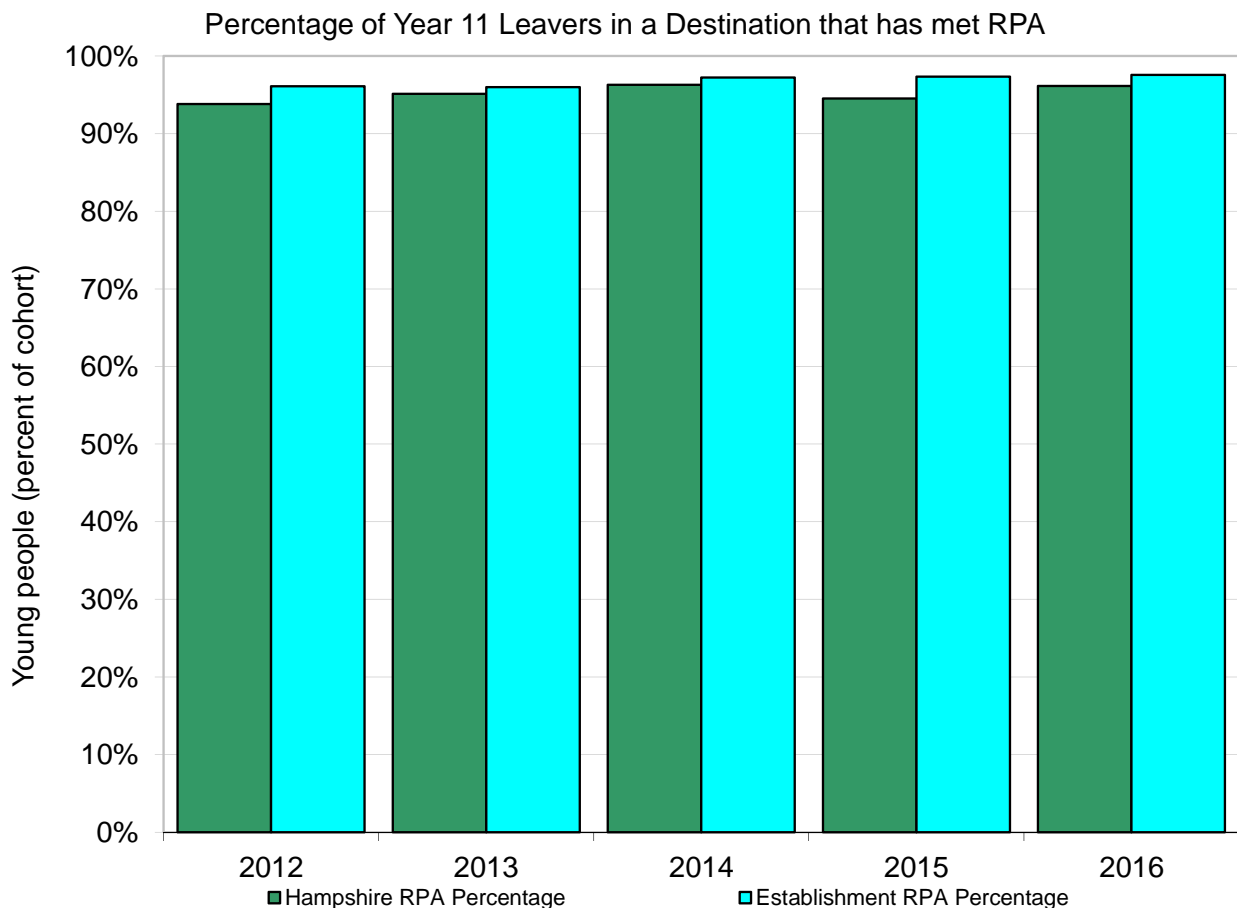

Table 1 shows the percentage of Year 11 leavers who were in a (DfE defined) participating destination for the last 5 years. The 'Other' category includes young people whose destination is unknown or who have moved out of the area, and young people who have a RPA status 'Working towards participation' or 'Temporary Break'.

## Establishment Leaver Destinations (2012-2016)

Comparing graph 3 with graph 2 shows the percentage of Year 11 leavers from The Westgate School who are now in 'FE College' is lower than the Hampshire percentage but the percentage in 'Sixth Form College/School' is higher than the Hampshire percentage.

Graph 3.

# Hampshire Programme Type and Level

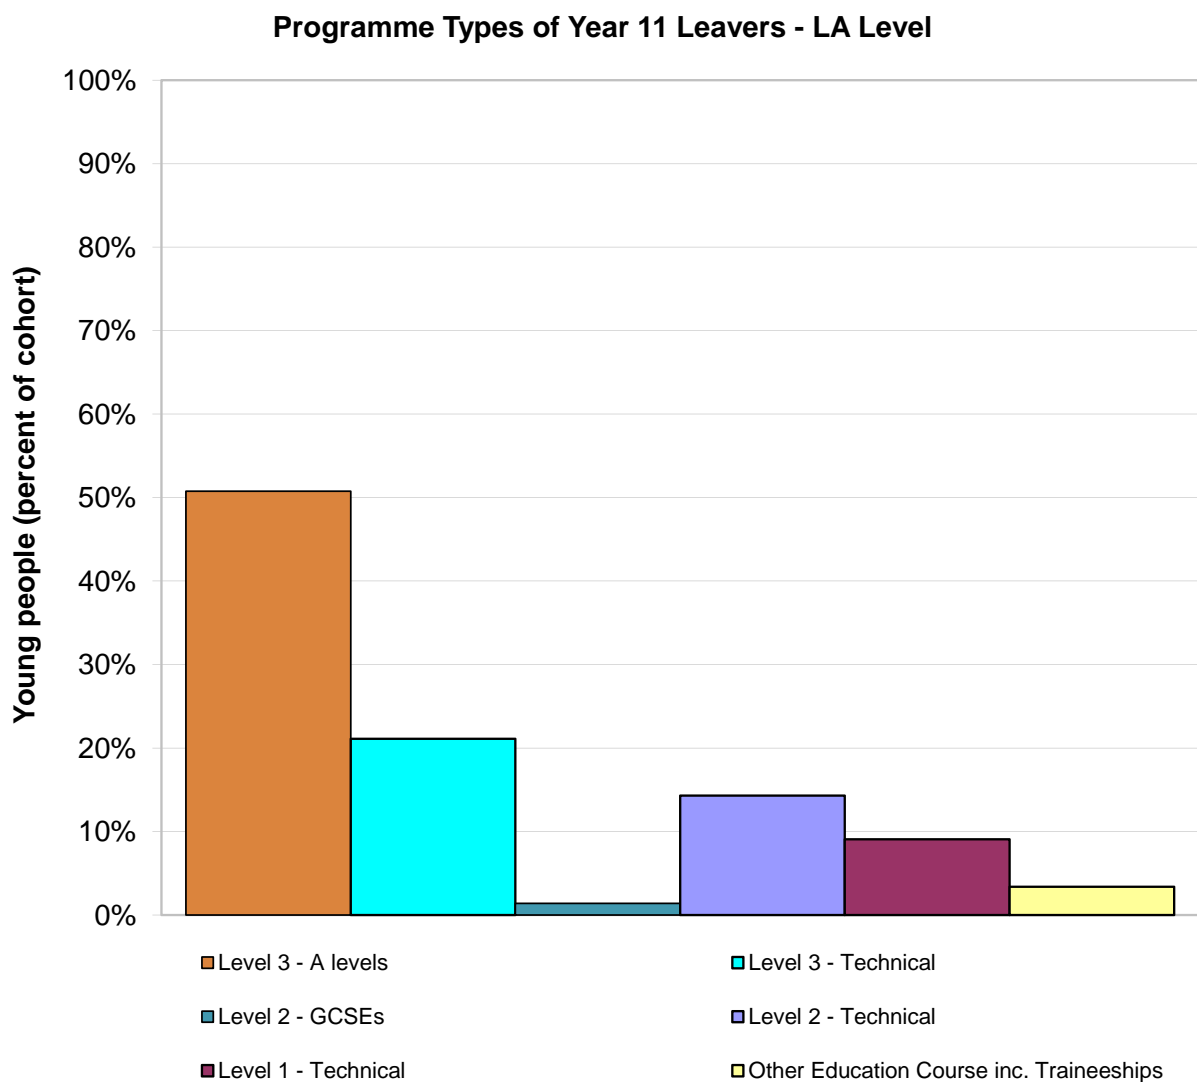

Table 4 shows the programme types (as both a number and a percentage) of Year 11 leavers who went on to full time education across Hampshire.

The figures have been grouped into 6 categories so the data can be displayed more clearly. The Programme Type table in the glossary on page 2 defines each category.

## Establishment Programme Type and Level

Table 5 shows the programme types (as both a number and a percentage) of Year 11 leavers who went on to full time education from The Westgate School.

# Hampshire Leaver Destinations by Gender

Table 6 shows the destinations of Year 11 leavers, at LA level, by gender.

Table 6.

Other	117	2%	97	2%
<b>Total</b>	<b>6,848</b>	<b>100%</b>	<b>6,399</b>	<b>100%</b>

Graph 6 shows that the general trend across Hampshire is for the majority of both genders to go on to post 16 education, with Sixth Form College/School being the more common destination. This is to be expected as a result of the balance of Sixth Form Colleges/Schools and FE Colleges in Hampshire.

The percentage of Year 11 leavers not meeting RPA requirements (nb in a non-participating destination or 'Other' destination) is low for both genders (5% for males and 3% for females).

Graph 7 shows, amongst Year 11 leavers from The Westgate School, females are more likely to go on to 'Sixth Form College/School' than males are, whereas a higher percentage of males than females move into 'FE College'.

Graph 7.

## Hampshire Leaver Destinations by SEND Status

Table 8 shows the leaver destinations of the Year 11 SEND/Not SEND cohorts at LA level. LAs and establishments have a responsibility to track and support young people with SEND until the age of 25. For this reason it is particularly important to support these young people in getting into a destination that meets RPA requirements.

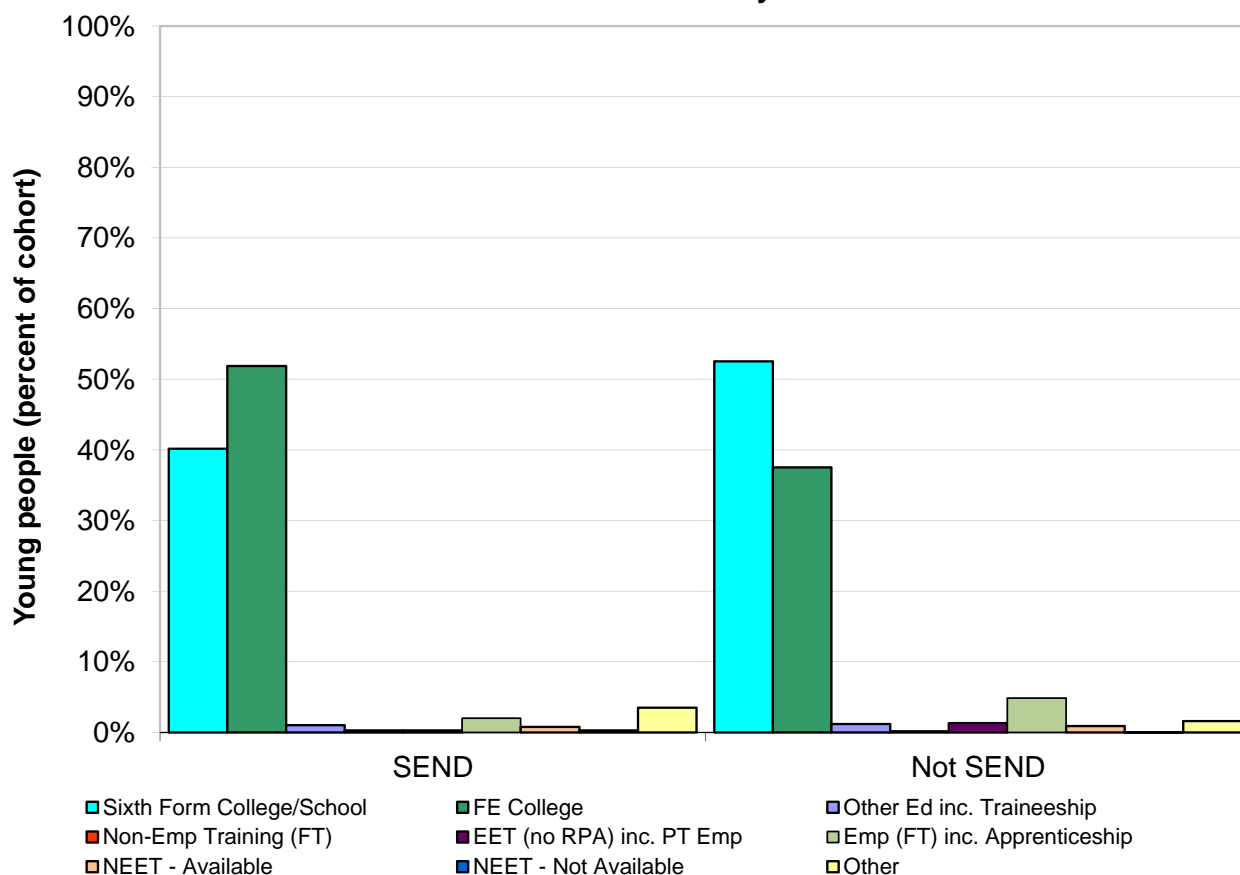

Table 8.

Destination	SEND		Not SEND	
Sixth Form College/School	161	40%	6,768	53%
FE College	208	52%	4,838	38%
Other Ed inc. Traineeship	4	1%	149	1%

Not Participating Total	5	1%	288	2%
Other	14	3%	204	2%
Total	401	100%	12,891	100%

Graph 8 shows that the SEND population largely follows the pattern of the non SEND group with the majority going on to some form of further education. However, in the SEND group FE College is a more popular destination than Sixth Form College/School.

SEND destination figures are provided as they are considered a useful guide for establishments for assessing the outcomes of their support for SEND pupils. Where SEND cohorts are low, however, it will not be possible to draw conclusions from any statistical comparisons with the LA.

## Hampshire Leaver Destinations by Ethnicity

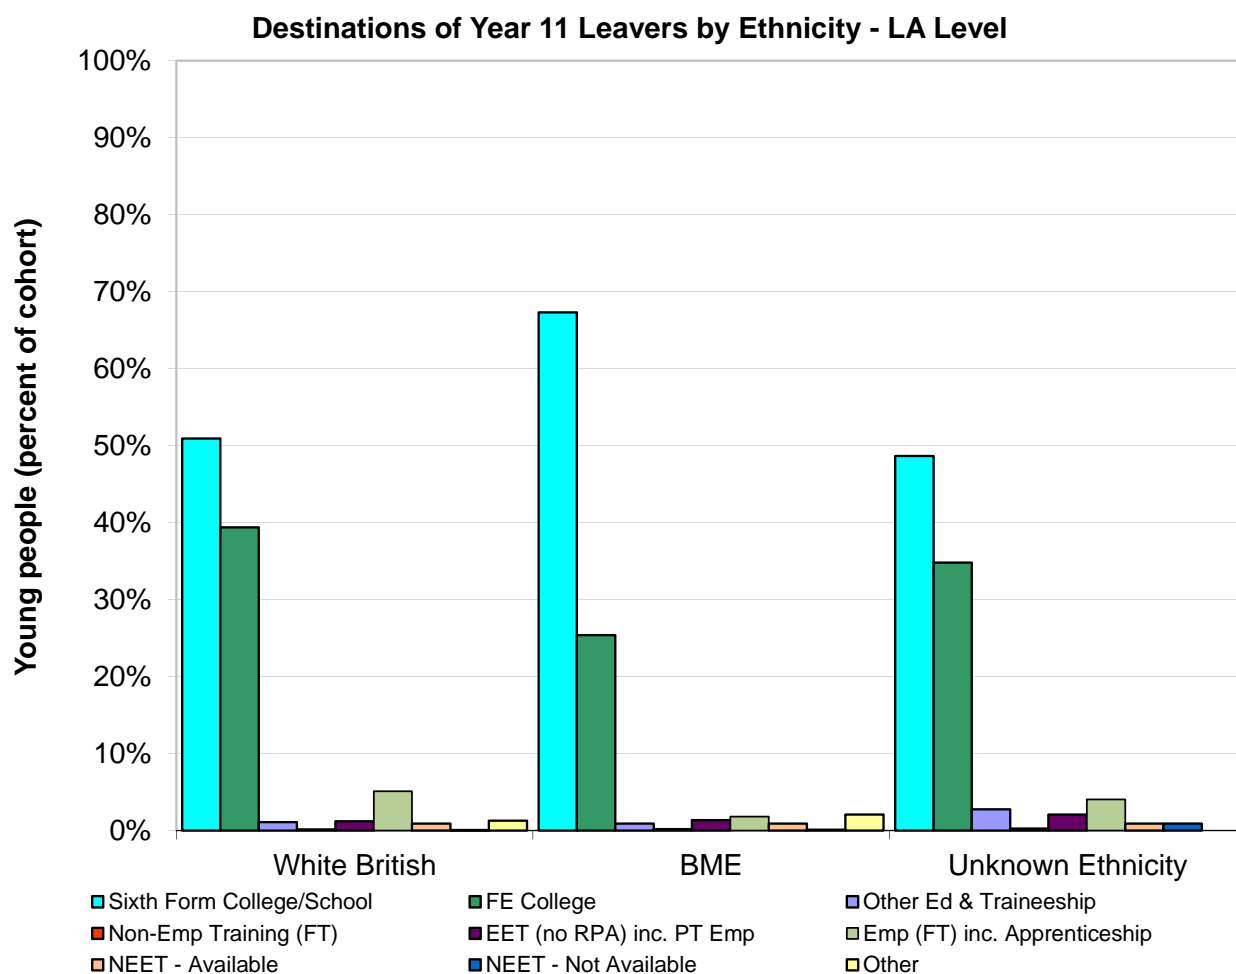

The official DfE figures split the ethnicity data into 20 ethnic groups. As the numbers are so small for any ethnicity other than White British in most Hampshire establishments, this booklet has split the figures into the categories of 'White British', 'Black and Minority Ethnic' (BME) and 'Unknown Ethnicity'.

Table 10 shows the destinations of Year 11 leavers, LA level, by their ethnicity.

## Hampshire September Guarantees and RPA Met

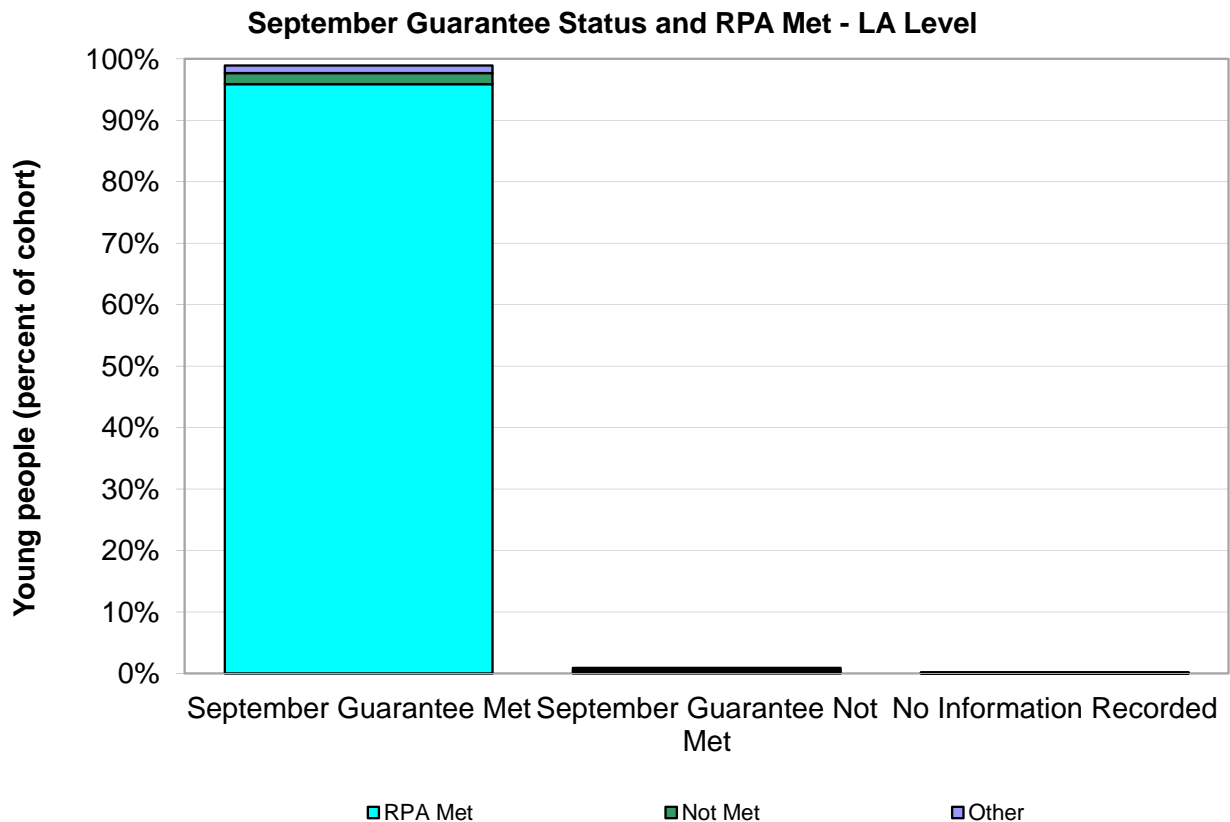

September Guarantees should give Year 11 leavers the opportunity to enter a destination that meets RPA. The height of the bars on graph 12 show the percentage of young people who received a September Guarantee. The colour of the bar shows the proportion of those young people who are now in a destination that meets RPA. The majority of people who had a guarantee went on to meet RPA, which shows the effectiveness of the September Guarantee process.

Table 12 compares the number of Year 11 leavers who had a September Guarantee with the number now in a destination that meets the RPA requirements at LA level (see appendix for the destination types that count as 'RPA Met').

<b>Total</b>	<b>201</b>	<b>4</b>	<b>1</b>	<b>206</b>

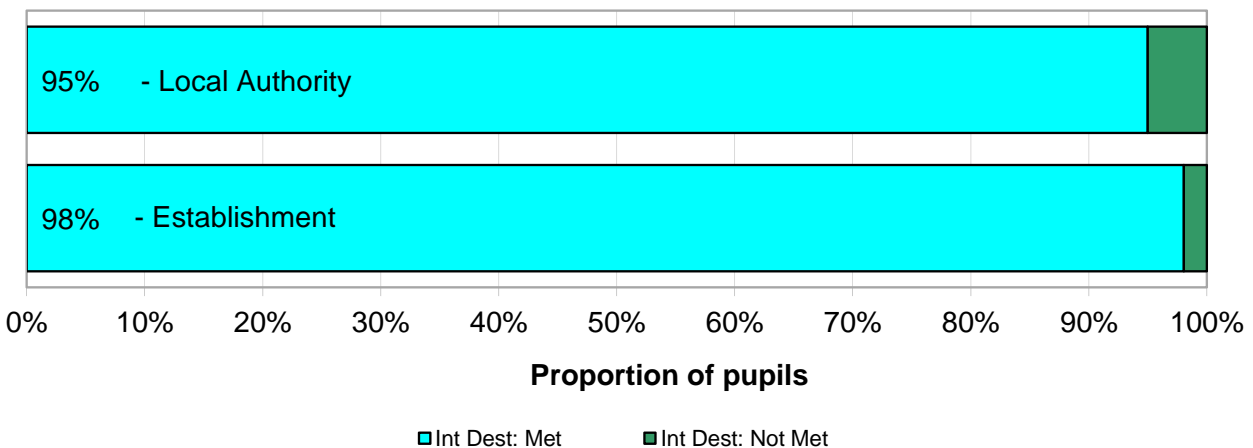

Tables 14a and 14b show that overall the majority of Year 11 leavers do go on to a destination that matches their intended destination.

Graph 14 compares the proportion of Hampshire leavers who go on to their intended destination with the proportion of The Westgate School leavers who did so. The 'Other' category figures have not been included in graph 14, as the relevant information is not available to put them in either category.

As graph 14 shows, the proportion of The Westgate School leavers going on to their intended destination is higher than the Hampshire average.

## Post 16 Establishments Attended

Certain factors can greatly influence the appeal to different genders of a post 16 educational establishment, such as the type of courses offered. Table 15 shows the establishments attended, as of 1st November 2016, by the Year 11 leavers from The Westgate School who continued in full-time education at establishment level. The figures include young people repeating a year of statutory education.

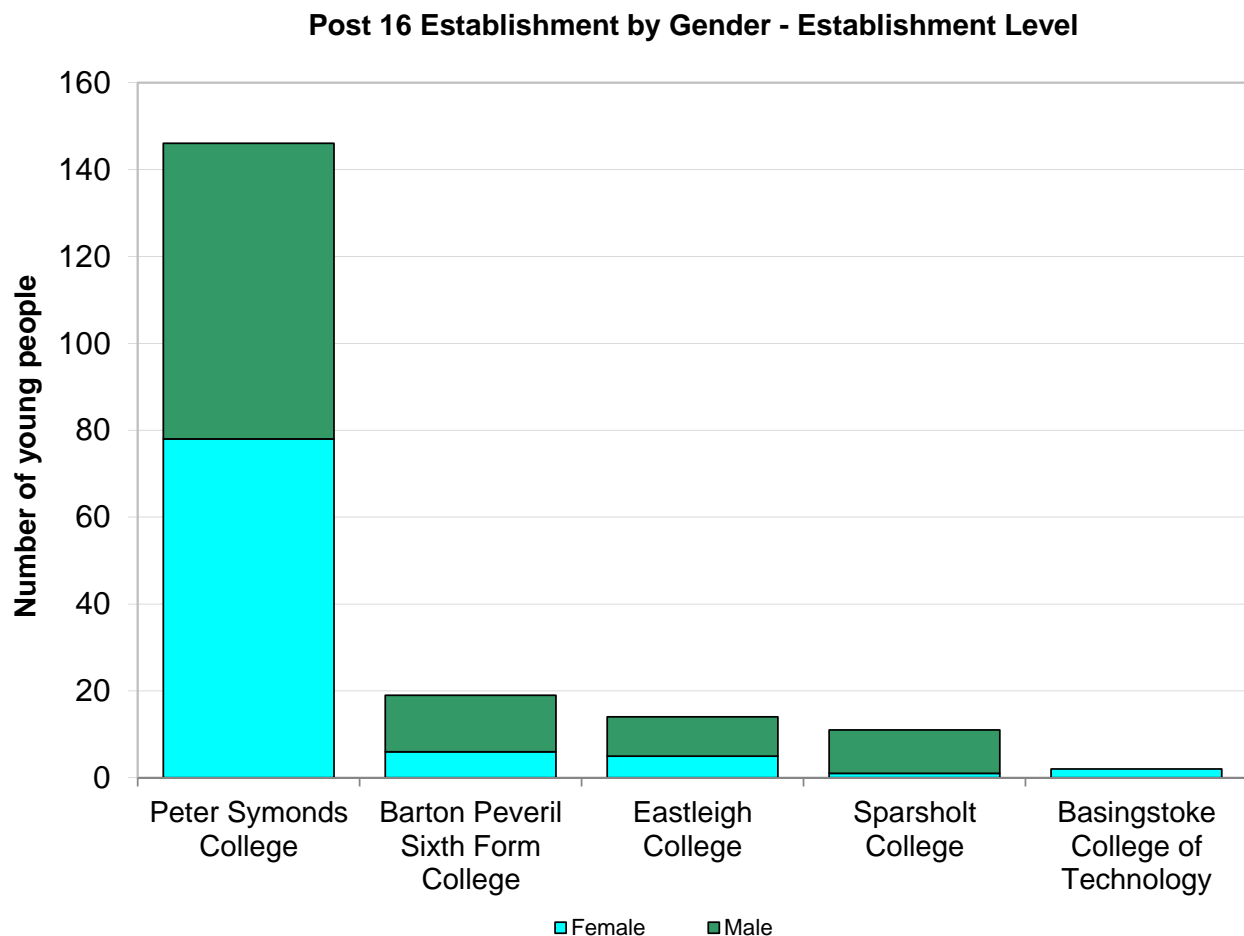

This data is only for the five most popular establishments. Year 11 leavers also attended Southampton City College, Andover College, Brockenhurst College, Fareham College, Queen Mary's College and The Westgate School.

Table 15.

Establishment Attended	Female	Male
Peter Symonds College	78	68

<b>Grand Total</b>	<b>92</b>	<b>100</b>

Graph 15 shows the number of people who have gone on to each educational establishment. The colour of the bar shows the gender split for each establishment.
